Virginia notary public manual

Books eBooks NOOK Textbooks Newsstand Teens & YA Kids Toys Games & Collectibles Stationery & Gifts Movies & TV Music Sales INTRODUCTION - This manual is intended as a general guide and is intended to assist non-attorney notaries with the general requirements, duties, powers, restrictions, liabilities and legal importance of their actions as a notary. The lawyer should be consulted when specific problems or questions arise with regard to an aspect of the notary's office. THE NOTARY? S FUNCTION - A notary is an official whose powers and duties are defined by law. A notary acts as an official, an unbiased witness of the identity and signature of the person who comes before the notary for a specific purpose. The person may take an oath, make oral or written testimonies or sign or confirm his signature on a legal document. In any case, the notary certifies that certain formalities have been complied with. The key function is to be sure that the person who appears in front of the notary is the one who pretends to be that person. Yes. Non-residents of Virginia may register as notaries in Virginia and be commissioned as notaries if they are: (1) regularly employed in the Commonwealth of Virginia; (2) provide notary services related to their employment; and (3) meet all legal requirements. A member of the United States Armed Forces is entitled to register in Virginia and be commissioned as a notary, regardless of the provisions of 2.2-2800 (COV 47.1-4). A non-resident notary who is no longer regularly employed in Virginia must hand over his commission. How much does it cost to become a notary in Virginia? To become a notary in Virginia, a notary's expenses may include the cost of: (1) a registration fee of USD 45 for processing the notary's request for appointment or reappointment; (2) a fee of USD 10 for the oath; (3) a notary mark; (4) a notary's journal if the notary wishes to comply with the recommendations of the Commonwealth Bureau; (5) a notary bond where the notary wishes to purchase a bond in order to protect the public or the main signatory from financial damage; and (6) An E&O insurance if a notary wishes to receive one for his or her personal legal and financial protection. How do I renew my notary commission in Virginia? Persons who are already contracted as notaries or electronic notaries and who apply for recommissioning as notaries or electronic notaries may submit their renewal applications to the Commonwealth Secretary in person, by first class post or online, provided that online applications contain electronic signatures submitted by the Uniform Electronic Transactions approved as confirmation that the application has been signed and sworn in (COA 47.1-5.1). In order to be able to use the notary renewal request with an electronic signature: (1) The expiry date of the notary commission may not exceed days removed; 2. The name of the notary shall be exactly the same as the name of the current Commission; (3) The registration fee must be paid online; and (4) The renewing applicant shall create a notarial management account. If the reappor has chosen to submit a paper application without creating a notary account, they can use this link to create their application -- Application Wizard. The renewal application procedure and the procedures are the same as those required for the initial application for appointment. Note: Notaries whose commissions expire in the first months of the calendar year (January, February or March) should submit their applications after the beginning of the new year. Applications approved before January will result in the Commission expiring a year earlier than expected. Are there any exams or notary courses required to become a notary in Virginia or to renew my public commission for the notary in Virginia? Virginia is a self-certifying state and does not require classes or tests to qualify for a Virginia notary. Can I perform electronic certification in Virginia? Yes. In Virginia, the following authorized and authorized the electronic signature of a notary: (1) the United States Electronic Signatures in Global and National Commerce Act (E-20 SIGN); (2) the Uniform Electronic Transactions Act; and (3) the Uniform Real Property Electronic Recording Act. To meet the requirements of Virginia Code No. 47.1-6.1, and in an effort to standardize the processes and procedures for performing electronic certifications, including the issuance of digital certificates used by Virginia electronic notaries, the Secretary of the Commonwealth of Virginia published and announced the Virginia Electronic Notary Assurance Standard with effect from January 21, 2013. In supplement, the Office of the Secretary of the Commonwealth has issued a detailed notary for its electronic notaries in Virginia. A Notary Public, which contains standards and procedures for the implementation of electronic certifications. In order to register as an electronic notary in Virginia, the applicant must: (1) have a valid commission as a notary; (2) purchase an electronic seal before submitting an electronic notary application; (3) submit a completed electronic notary application; (4) pay a registration fee of USD 45; (5) contain a general description of the technology or technologies which the applicant will use to produce an electronic signature in the conduct of official acts; and (6) sign the application with the electronic signature described in the Application, including decryptive instructions, codes, keys or allow you to read and verify the signature. After approval of the electronic registration requirements, the Secretary of the Commonwealth shall send the notary a letter of approval confirming that the Commission is acting as an electronic notary. If an electronic electronic to update its technology or technologies during the duration of the electronic commission, the electronic notary must notify the Secretary electronically within ninety days of installation. The electronic notary commission expires on the same day that the regular commission of the notary expires. Both commissions may be extended at the same time. An electronic notary is required to keep, maintain and protect a diary of all electronic certification sedation. Virginia electronic notaries also have limited extraterritorial powers. An electronic notary may perform any authorized notarial action outside the Commonwealth for any typeface to be used in the Commonwealth of Virginia or by the United States Government (HNP). The Secretary of the Commonwealth will not comment on whether a particular electronic certification system or technology used by an electronic notary is in accordance with the Standard or Code of Virginia. The responsibility for compliance lies solely with the electronic notary. When performing electronic notarial acts, an electronic notary must continue to comply with all rules for paper-based notarial acts. Most importantly, an electronic notary may not perform electronic certification if the document signer does not appear in the same physical location or in front of the electronic notary at the time of notarialisation, either through a two-page live video and audio conference. Can I perform remote authentication (online) in Virginia? Yes. On July 1, 2012, the State of Virginia approved electronic authentication by videoconferencing with Remote. Online. In order to meet the requirements of Virginia Code No. 47.1-6.1 and in an effort to standardize the processes and procedures for performing electronic certifications, including the issuance of digital certificates used by Virginia electronic notaries, the Secretary of the Commonwealth of Virginia published and proclaimed The Virginia Electronic Notary Assurance Standard effective January 21, 2013. The standard contains the rules for personal and remote electronic authentication on the Internet. In addition, the Office of the Secretary of the Commonwealth has provided a detailed notary manual for its electronic notaries in Virginia, entitled A Handbook for Virginia Notaries Public, which contains standards and procedures for performing electronic certifications. When performing electronic notarial acts, an electronic notary must continue to comply with all the rules for paper-based notarial acts, except that notaries who perform notaries online notarial acts may allow the signatories to: electronic notary via a two-page live video and audio conference in accordance with Virginia Code 47.1-2 and .19.2-3.1 B1, B2 and B3. Most importantly, an electronic notary may not perform electronic certification if the label of the document does not appear in the same physical place or through two-sided life before the electronic notary at the time of notarization. Appears, and audio conferencing communication. Electronic notaries must take appropriate measures to ensure that the use of two-page live video and audio communications is ensured by unlawful means prior to eavesdropping. Remote electronic certification includes strict federal standards for determining the signatory's identity and requires the notary to record videoconferencing for each notarial act, which is not required in paper certifications. Accordingly, the fraud protection measures with this method are much stronger than those of the current paper process (HNP). Virginia electronic notaries also have limited extraterritorial powers. An electronic notary may perform any authorized notarial act outside the Commonwealth for any typeface to be used in the Commonwealth of Virginia or by the United States Government. Please note that the remote notarial act is not extraterritorial as it is performed as within the Commonwealth of Virginia at the place where the electronic notary (HNP) is located. Two-sided live teleconferencing must meet the following performance criteria for determining personal appearance: (1) The persons communicating must see and talk to each other at the same time; (2) the signal transmission must be live in real time; and (3) Signal transmission shall be lawfully protected from eavesdropping by persons other than the persons communicating. In addition, remote certification requires very strict methods of identification to secure identity. An electronic notary must provide the document signer's satisfactory proof of identity, which may be based on video and audio conferencing technology. An electronic notary is required to verify the identity of the document signer by one of the following options: (1) personal knowledge; 2. rely on a pre-existing procedure for proof of identity for persons in accordance with the guidelines of the Federal Bridge Certification Body; or (3) the Signatory has a valid digital certificate that is authenticated either by (i) biometric data or (ii) a Personal Identity Check (PIV) or a PIV-I card issued in accordance with strict government standards of the National Institute of Standards and Technology. How long does the term of office of a notary public commission in Virginia last? The term of office of a Virginia notary is four years, which is on the date set by the Commission. However, a notary commission may be annulled: (1) by withdrawal; (2) by revocation; (3) by death; (4) if the notary ceases to reside in Virginia; (5) if the notary no longer resides in the United States; (6) if the non-resident notary is no longer regularly employed in Virginia; or (7) if the notary is convicted of a crime. Is a Virginia notary required to become a notary in Virginia? No. New applicants who apply for appointment as notaries and notifying notaries are not legally obliged to: Guarantee to receive their notary public commissions in Virginia. Do I need Virginia notary error and injunctive insurance? Notary error and outlet insurance is optional. The Secretary of the Commonwealth's Office and the American Association of Notaries strongly recommend that Virginia notaries consider notary insurance for their personal liability protection. The fault and omission insurance is intended to protect notaries from liability-conscious notarial errors or omissions that result in financial damage to a party affected by the notarial acts of the notary. An E&O policy typically covers attorney's fees and damages based on the coverage that a Virginia notary chooses. To purchase this insurance policy, visit our website at www.usnotaries.com or call 800.721.2663. Where can I perform notarial actions in Virginia? Virginia notaries publicly have statewide jurisdiction, and they must be physically within the geographical boundaries of the Commonwealth of Virginia. Who publicly appoints Virginia notaries? The Governor publicly appoints Virginia notaries, and the Secretary of the Commonwealth Office administers the application process, keeps all records of these notaries, and confirms their actions. To contact the Secretary of the Commonwealth's Office: Office of the Secretary of the Commonwealth Post Office Box 1795 Richmond, Virginia 23218-1795(804) 692-2536 Do I have to buy a notary brand in Virginia? Yes. The Virginia notary law requires all Virginia notaries to affixing an official seal near the official signature of the notary on the notarial certificate of a paper document (COV 47.1-16(C)). Dimensions: The Virginia Statute does not contain the legal specifications regarding the layout and information required on all official seals. The Statute stipulates that the official seal must be sharp, legible, durable and photographically reproducible. Required Elements: The official seal (embossed or coloured) of a Virginia notary must contain the following elements according to the Secretary's handbook: The name of the notary exactly as it appears in the notary commission The words Notary Public The words Commonwealth of Virginia An electronic notary seal must also contain the following elements, which are generally to be seen in the official seal of a notary number _____: The words My Commission expires _____ (Date) Is a notary required in Virginia? No. Virginia notary laws do not require traditional notaries in Virginia to record their notarial actions in a journal. When it comes to electronic notaries, state law requires that: these electronic notaries must store, maintain and protect a journal of all electronic notarial acts. Although the practice is not required by state law, the Secretary of Commonwealth recommends that any traditional traditional maintain a journal containing a record of all notarial acts carried out to provide evidence of the settlement of future disputes over the authenticity of signatures and documents (HNP). The American Association of Notaries also recommends that Virginia notaries maintain a permanent, paper-based journal with numbered pages to create and store a chronological record of each notarial act performed as a protective measure against liability. For notary deliveries in Virginia, visit our website at www.usnotaries.com or call 800.721.2663. How much can a Virginia notary ask for notarial action? Virginia's notary fees are determined by state law (COV 47.1-19A). The maximum permitted fees that a notary in Virginia can charge for notarial acts are listed below: Confirmations - 5.00 Oaths or Affirmations - 5.00 USD Certifying Affidavits - 5.00 USD Certificate of Witnesses - 5.00 \$Kopierbescheinigung - 5.00 \$Reisegeb fees are only allowed if the notary and the signatory agree in advance on the travel fees. Electronic notaries may not charge more than USD 25 for electronic certification. Any person appointed as a member of an electoral committee or a general registrar is prohibited from collecting a fee as a notary during the period of that appointment (COV 47.1-19(C)). Any employer may require a notary in his employment to hand over to that employer a fee when it is invoiced, or part of it, provided that the notarial act for which the fee is levied takes place during the employment of that worker (COV 47.1-20). What notaries can perform in Virginia? A Virginia notary is entitled to perform the following notarial acts (COV 47.1-12 and 55-118.1): Certify the verification of the fact, confirms affidavits or filings. Any notary who changes residence must inform the Secretary of the Commonwealth of the fact by sending his new address by post or by writing. A non-resident notary must inform the Secretary of the Commonwealth of any change in his place of work (COV 47.1-18). Do I need to change my name on my notary commission in Virginia? Any notary who changes his name by law during the notary's term must print the words on the notarial certificates: I have been assigned a notary as

For repetition, the notary must indicate the original name in which his commission was given on all notarial acts. Each However, a notary who legally changes his name must, within ninety days of such a name change, submit an application to the Secretary of the Commonwealth for a new electronic notary commission (COV 47.1-17).
